

Imagine . . .

A world of seamless profiles—Now that's something to celebrate.

A world of seamless profiles—Now that's something to celebrate.

Tired of high-pressure laminates with square corners and sharp edges? Give us a call—our seamless profiles run circles around the competition.

3-D

Contoured

Laminated

Curvilinear

Components

Radius Profiles

Seamless Finishes

Edgebanded Casegoods

Project Engineering, Prototyping, Subassembly

Wood Grain, Metallic, Solid Colors & Abstract Patterns
